

TOGETHER WE CAN: THE VISION OF THE PLATFORM FOR YOUNG WORKERS

WHO ARE EZA PYW

The Platform for Young Workers (PYW) is a European youth initiative supported by EZA (European Centre for Workers' Questions). It connects young workers, trade unions, and organizations across Europe to strengthen youth participation and representation in the labor market.

WHO WE ARE

Plan and prepare annual youth seminars within the PYW network

Exchange ideas, identify key topics, and design engaging programs for young participants

Ensure that youth voices and perspectives are at the centre of every event

The Platform for Young Workers

AIM

European network supported by EZA (European Centre for Workers' Questions)
Founded to connect and empower young workers and organisations across Europe

Mission

To empower, represent, and support young workers in building fair, sustainable working lives

Members

29 member organisations from across Europe (trade unions, NGOs, training centres)

Together we can! → Collaboration •
Solidarity • Shared Responsibility

OUR MEMBERS

WHY IT MATTERS

Young people are the future of Europe — yet many still face insecurity and inequality in the world of work.

- Many young people face uncertainty in studies and work
- It's often hard to find a stable job after graduation
- Low income and short-term contracts make planning life difficult
- Some move abroad to find better opportunities
- The cost of living and housing are big challenges

YOUR VOICE MATTERS

As someone who has worked with young people in trade unions, I've seen how empowering it is when they realize their voices matter.

- Have you ever been a young participant in your organization?
- Did you feel your voice was heard?
- What message would you want others to hear today?

Il 27 aprile 2024 abbiamo creato di nuove relazioni. La giovane Trentina, infatti, ha organizzato una serie di incontri con i giovani del Trentino e del mondo, per creare ponti fra le generazioni.

Francesco Ober e Thomas Capone sono i rappresentanti della Trentinu nel mondo all'interno di «EZA Youth». Nel corso del 2024 hanno partecipato a due seminari, dei quali in questi loro articoli descrivono contenuti ed obiettivi. EZA, Centro europeo per le questioni dei lavoratori, è un'organizzazione europea che promuove il dialogo sociale tra le entità che si occupano di diritti dei lavoratori. «EZA Youth» promuove l'investimento dei giovani nelle questioni dei lavoratori.

Uso intelligente dei mezzi digitali

Dal 30 ottobre al 3 novembre 2024 abbiamo partecipato alla conferenza EZA (European Association of Workers' Unions) che ha organizzato una serie di incontri con i giovani del Trentino e del mondo, per creare ponti fra le generazioni.

Dear Julian,

I would like to participate in the EZA Youth Conference again this year. Unfortunately, I have to make some video calls for my work on the second day of the conference and therefore cannot take part in the excursion. I hope that's not a problem.

Best regards and see you soon,
Francisca

RIGHT TO DISCONNECT:

Implementation and impact at company level

Research Report from November 2023

<https://www.eurofound.europa.eu/en/publications/all/right-disconnect-implementation-and-impact-company-level>

KEY MESSAGES

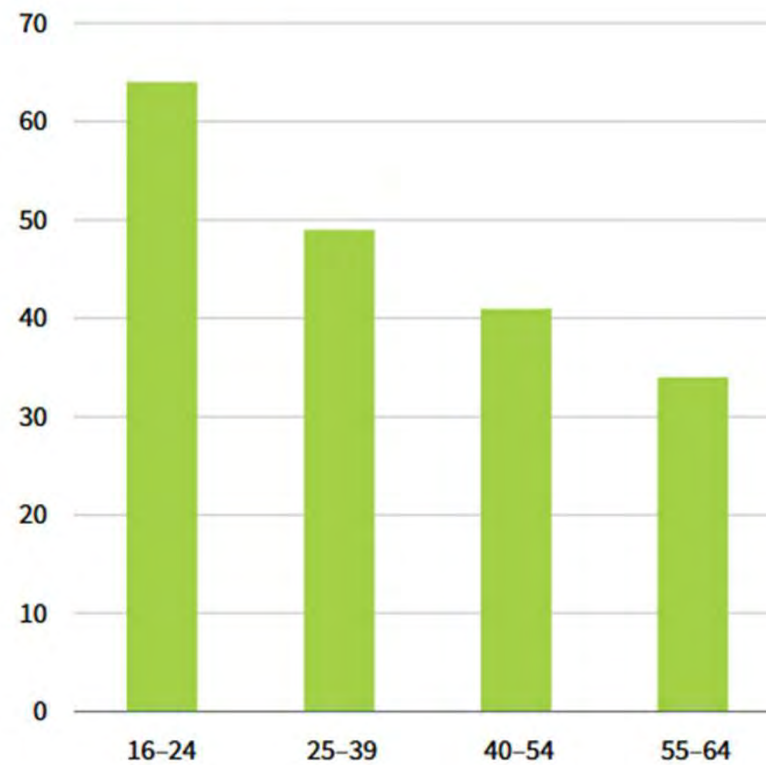

New survey findings reveal that **workers who regularly work remotely using information and communication technologies are more likely to work longer** than is contractually required. Close to one fifth of the survey respondents reported working additional hours because they are contacted outside of working hours.

Eight out of ten workers reported that they **regularly receive work-related communications outside their working hours**.

A match between working time and workload is crucial. The new survey findings demonstrate that 37% of workers work additional hours to complete tasks they were unable to do during working hours.
